## Grass Roots Celebrates 25 Years

On Saturday, July 25th Gary and Rose Bates had an open house at Grass Roots in celebration of being in business for 25 solid years. The open house was well attended by residents as well as non-residents who were there to shop and "look around." Food and refreshment were in ample supply and much appreciated by the visitors. The day was a remarkable day for the Bates family and all the more remarkable considering they were without electricity. They relied on a few generators and God's own nature to provide the energy needed to keep the business going.

We caught up with the bates family between orders and spent a delightful time talking about old times and Huron Township.

Gary says that after grad-

(L-R) Gary Bates, Rose Bates, Kim Bates, Scott Bates.

uating from Ohio State in Landscaping Architecture, Rose and he moved up to Huron Township from

Youngstown, Ohio. Gary, always a self motivator, opened for business 25 years ago on Bell Road and

has been going strong ever since. Gary freely admits that he had no idea how involved running this type

of business was going to be. But with the business and common sense of his wife Rose and the help of their kids, Grass Roots was able to grow from a small enterprise to a large well-known and respected business.

Eighteen years ago, the family decided to try the water garden idea. They dug a pond on their property and planted water lilies with some hope of additional business. The customers took an immediate liking to the idea and currently the pond business represents one third to one half of their yearly sales.

Gary and son Scott/business partner, handle the outside and landscaping business. Wife Rose and daughter Kim run the indoor shop that is filled with dried flowers, lace and other dec-

## Board Denies Site Approval For Pineview Estates

At the July 22nd township board meeting, the board, for the second time, denied approval of the Pineview Estates development. Mr. Ahmad

Ali, with his attorney presenting the proposal, asked the board to reconsider their previous denial of the Preliminary Site Plans.

As presented, the condo-site proposal called for 25 homes to be built on a 25-acre parcel on Waltz Road.. Most of the homes would be located on 3/4-acre lots and three would have one-acre lots.

Mr. Ali's attorney advised the board that several concerns had been addressed since the January 28th denial by the board. He specifically mentioned the elimination of three lots, the relocation of the interior road and changes on the location of the retention pond. He further mentioned the size of the water main which is 16

## Letter to the Editor

To the Editor: (P.A.C.) video program "Recall Issues," and in the interest of fairness, I feel compelled to "set the record straight" concerning some opinions shared in a recent letter written to this newspaper by a member of P.A.C. It is I who was responsible for every aspect of the production. The following specific comments are offered:

1. It is I who approached Mrs. Mary Lou Carey and asked her if I could interview her for the program. Later on I decided to expand the program to two interviews with Mrs. Carey. I told her of this intent: I then told her who her second interviewer would be. Subsequent to this I changed the second interviewer to someone else and told her so. She cooperated with all my requests.

2. With this production, as with others produced previously, I assigned volunteer crew members to those jobs I judged them to do best. No crewmember was reassigned in this production because of objections by any of those being interviewed. The two newest crewmembers were assigned to jobs they were

comfortable with and felt competent to do.

3. Everyone who participated in the interviews (including Mrs. Rebecca Alfano) was invited to do so by me in an effort to allow everyone to present their point of view. To be accurate, it was only after my repeated "nagging" that Mrs. Alfano consented to be on camera.

As producer of this program I apologize to those interviewees about whom program-related misinformation has been printed.

Margaret McCracken  
Volunteer  
Public Access Committee

## HURON TOWNSHIP

# APPLEFEST

## OCTOBER 3 & 4

MEETING DATES:  
August 13  
September 3-10-17-21  
7:30 p.m.

## Grass Roots

*Continued from Page 1*

oration items. Another son Patrick is not involved in the family business.

Gary attributes their success to a "folksy place," meeting the needs of the customers and constantly evolving. Part of this evol-

ing is the addition of the annual Frog Jumping Contest. This year it is to be held August 9th and everybody is encouraged to bring their frog for competition.

It is clear that the Bates family found a home when they moved to Huron Township and they love the township and its people. But, they don't enjoy the Michigan winters and dur-

ing the last several years, as Rose puts it have been "getting the hell out of Michigan" and enjoying the Florida weather. They usually head for Florida after the Applefest and leave the business to the care of the "Kids" until they return during the spring.

The Huron River Weekly salutes the Bates family and Grass Roots Nursery.

## Board

*Continued from Page 1*

inches and spoke about the adequacy of the lines going into the development. He also assured the board that storm drains would be installed. These comments seemed to be directed to the local residents that had expressed concern over the water pressure.

Mr. Ali presented a chart that indicated his project would not interfere with land designation as "woodlands" or a "flood plain." The attorney concluded his remarks by advising the board that Waltz Road was considered a Class B road and this met the requirements of the development.

Clerk Bowers raised the issue of similar sounding names for street signs and Mr. Ali's attorney responded they considered that a minor issue and would be willing to change the names. He joked that they may need to reconsider "Bowers Street."

Clerk Bowers also mentioned that Mr. Ali was on the staff of Hennesse Engineering who is the engineer for the township and this was a conflict of inter-

est. To this the attorney agreed and indicated Mr. Ali would be willing to work with any firm the township chose.

Trustee Adkins expressed concern about several lots having the backyard or side yards facing Waltz Road. The response from the attorney was agreement to provide a "green belt" or suitable landscaping to obscure the view from Waltz Road.

Regarding the water pressure issue, the board asked the DPW Director Ron Tabor to comment on the citizen's complaints of low water pressure. He reminded the board that several meetings ago he tested the status pressure of the lines and they gauged at 70 PSI (pounds per square inch) and this was more than adequate. He indicated the pressure may fluctuate during the day but still would be adequate. He indicated the pressure may fluctuate during the day but still would be adequate. He repeated his previous observation that if any local resident was experiencing low water pressure that it likely was an "internal" or within the home problem.

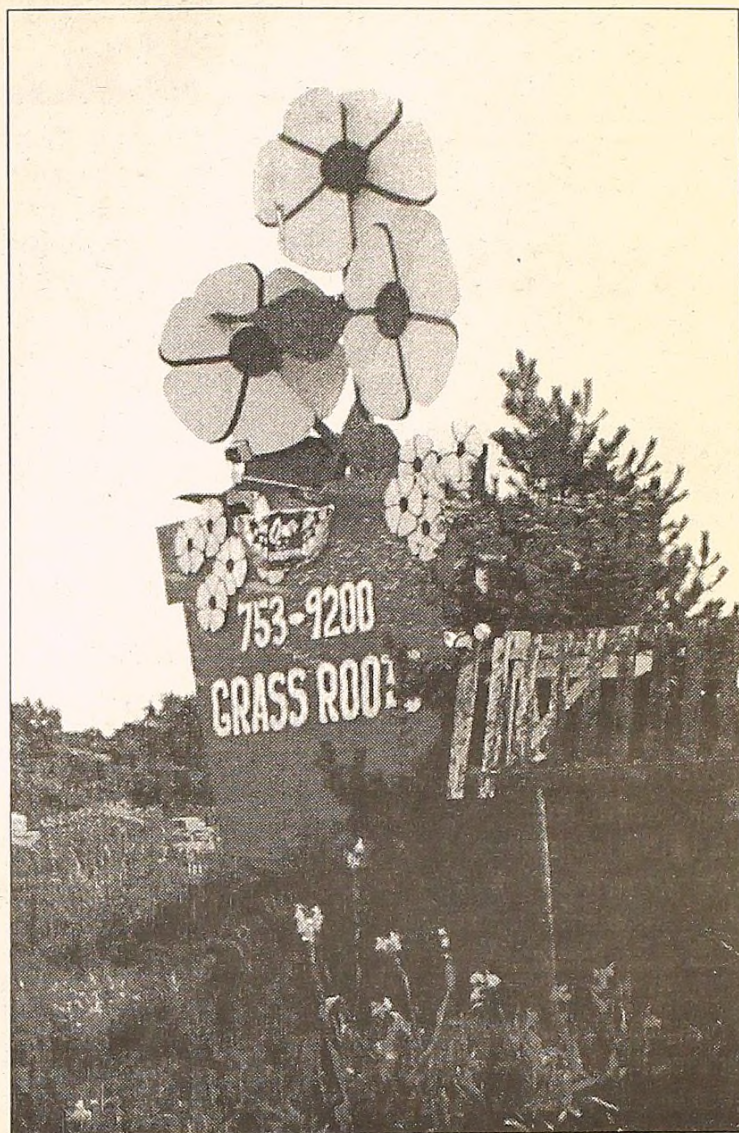

Treasurer Adkins spoke

briefly about the anticipated traffic problems on Waltz Road and Trustee McKinney reminded the board of the prior approvals by the planning commission and the planning consultant.

A motion for denial of the Preliminary Site Plans was approved by a 4-3 vote with Supervisor Glaab, Trustee Glaab and Trustee McKinney voting against the motion.

In a related matter, the board delayed a second reading of the Site-Condo Ordinance as amended until the August 12th board meeting. This delay followed comments from Trustee Glaab and Trustee McKinney on the review by the planning commission and their general support for the amendments.

At an earlier board meeting Trustee Glaab had felt that input from the planning commission was not necessary and Trustee McKinney had urged the commission to be allowed to review it. Eventually the board agreed to have the commission look at it and they did. However, the board agreed to delay the second reading so additional time could be given to review it.

# AL FRESCO

I have always loved a good salad but iceberg lettuce gets old after a while. So I decided to create salads with ingredi-

ents other than just lettuce. I like spinach salad, but I never did like the warm dressing that is typically used.

The unusual ingredients are a good marriage of flavors and the dressing for this salad is

very complimentary to the ingredients.

You can arrange this salad on individuals plates for a formal display or toss it in a bowl for a larger group.

Since spinach wilts fast, don't add the dressing until you are ready to serve the

salad.

Please let me know how you like the column and the recipes. I like feedback (especially if it is good) write to:

The Huron  
River Weekly/Al Fresco  
P.O. Box 472  
New Boston, MI 48164

## Spinach Salad

8 cups Spinach (torn in salad-size pieces)

1 med. Red Onion (cut into rings)

10\* Strawberries

1 large Tomato (cut into bits)

1/2 Cup Bacon (crumbled)

### Dressing

1/4 Cup Olive Oil

1/3 Cup White Balsamic Vinegar

1/4 Tsp. Garlic Powder

1/2 Tsp. Basil (dried and crushed)

1/2 Tsp. Oregano (dried and crushed)

Salt & Pepper to taste

\*When you make a large salad cut the strawberries into bits, but if you make individual salads cut the berries into fans (leave the green top on and cut from the bottom but be careful not to cut all the way through. Make 4 cuts side by side, then fan out carefully).

\*You can use Bac-os instead of regular bacon, but it's not as good.

## 4 REASONS WHY YOUR CARPET WILL SHINE

When You Use

### Hildebrand Carpet & Upholstery Cleaning

1. **Thorough Cleaning** - Use the most thorough cleaning method there is. Some cleaning methods use chemicals that leave a residue on your carpet. That doesn't get the dirt out, it just covers it up. My method doesn't leave a residue and is very powerful. It cleans way down to the base so your carpet will look brand new again.
2. **Stays Clean Longer** - Since we clean all the way down to the base of your carpet, your carpet will stay looking clean longer.
3. **I use only certified technicians.** Each technician has been through extensive training on how to properly use our super equipment. If a technician isn't properly trained, your carpet won't get thoroughly cleaned.
4. **100% Money-Back Guarantee.** If you aren't thrilled with your carpet, I'll refund every cent. No questions asked!

Call 734/783-0470 today to get your free spotting kit with your appointment.

# Kohlstrand Meets With Belleville Skiers

VAN BUREN TOWNSHIP – The Belleville Lake Water Ski Club hosted an informal informational session on Friday evening at the home of Mark and Madonna Mrocca. Guest speaker for the evening was 34th District Court judicial candidate Norman C. Kohlstrand. The group selected Mr. Kohlstrand as their speaker because of his back-

ground as a Marine Safety Officer with the Wayne County Sheriff Department and his familiarity with Belleville Lake and some of the problems associated with the lake.

Topics of discussion for the meeting were associated equipment carriage requirements (personal floatation devices and various fire extinguishers)

and rules of operation of watercraft. There was also some in depth discussion regarding the physiological effects of the consumption of alcohol and how drinking relates to boating and the operation of watercraft.

There were a number of

questions from club members regarding personal watercraft and the way they are being operated. Members were enthusiastic about the discussions and the information that was received. Informational pamphlets provided by the Wayne County Sheriff De-

partment were made available to the members.

The Belleville Lake Water Ski Club promotes safety in the use of the lake. For further information about the club or how to become a member, call Madonna Mrocca at (734) 697-1288.

## From The Office Of George Mans State Representative

### Legislation Gets Tough Against Violent Students

Recently, the Subcommittee on Violence in Schools traveled around the state to gather information from the public on a package of legislation that would provide for safe schools, safe streets, and strong communities.

The plan provided by the package in the House would provide schools with reliable results. Explicit suspension/expulsion policies, required disciplinary education, strong law enforcement cooperation

and parental involvement will help us achieve the objective of providing our young people with a solid education experience.

My contribution, House Bill 5424, would provide a safe place for teaching and learning. School boards would be able to provide expelled students with an appropriate disciplinary education program and would describe the required design for disciplinary education program.

Teachers should not have to worry about assaults and verbal abuse from their students. Students should not stay away from school out of fear for their safety. Violence should not prevent schools from providing an effective education. This package of legislation will provide our schools with a way to provide safer teaching and learning environments.

## Cynic's Corner

"Freedom of the press is limited to those who own one." — A. J. Liebling

"A government that robs Peter to pay Paul can always count on the support of Paul." — George Bernard Shaw.

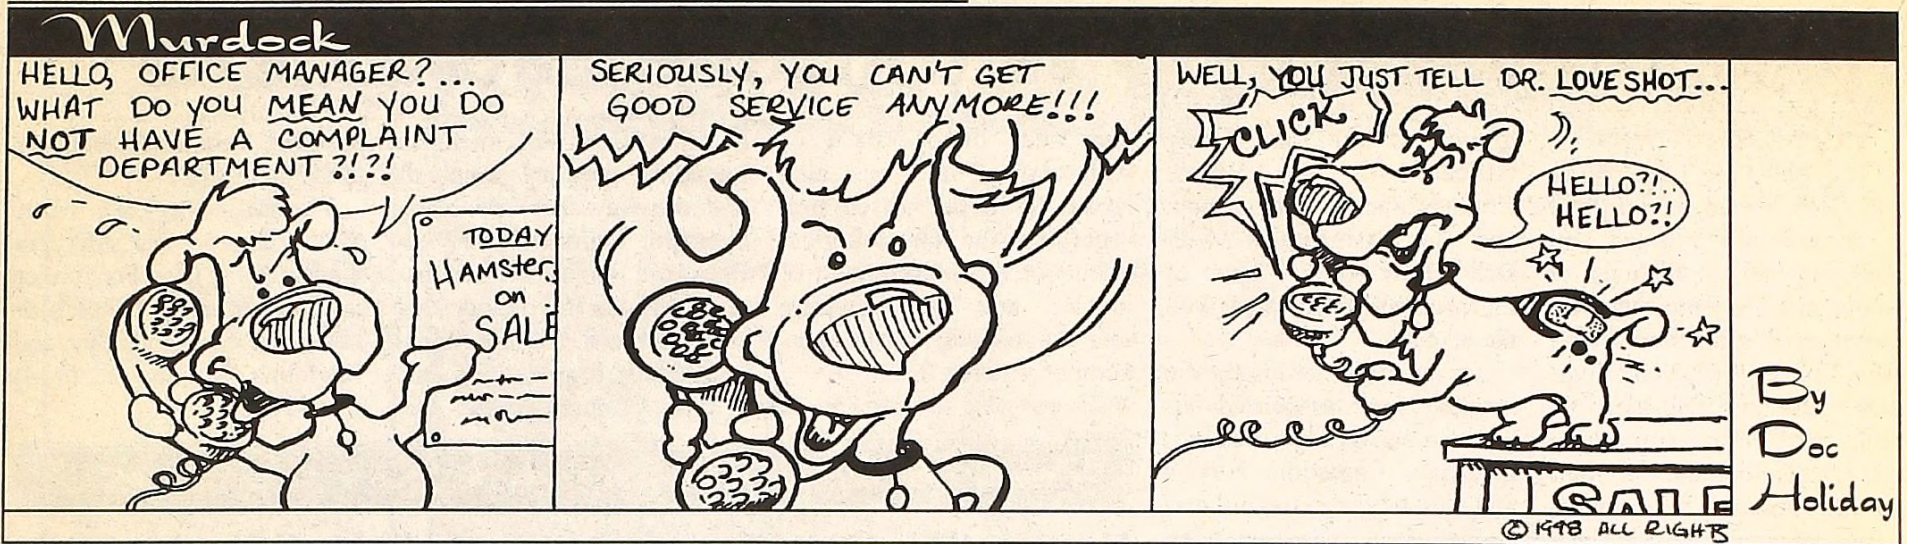

"Journalism consists largely in saying 'Lord Jones died' to people who never knew Lord Jones was alive." — G. K. Chesterton

"Optimism is the madness of maintaining that everything is right when it is wrong." — Voltaire

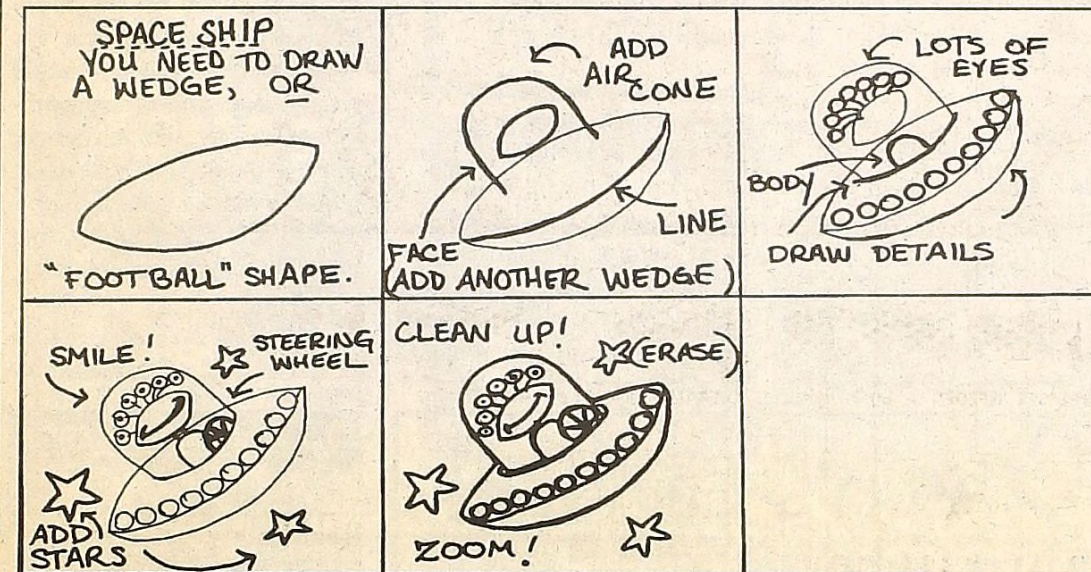

"Going to church doesn't make you a Christian any more than going to the garage makes you a car." — Laurence J. Peter

"So far as I can remember, there is not one word in the Gospels in praise of intelligence." — Bertrand Russell

## KID'S CORNER

## Birth

Marysa Ann Walz

### Marysa Ann Walz

Deanne Annette Walz (Santina) and Michael David Walz of Belleville are proudly announcing the birth of their daughter, Marysa Ann Walz.

Marysa made her debut to the world on June 23, 1998 at 6:18 p.m., weighing five pounds 15 ounces, and was 19 inches long.

The proud grandparents are William P. and Judy Santina, and the late David and Mary Walz.

Join us in congratulating this family on their new addition. And, welcome Marysa, from all of us!

or Church (734) 753-9048

## From The Desk Of State Representative George Mans

The only exception to the state Construction Code is school buildings. Every day we send our children to school expecting their safety. People who care about their students, as well as protecting taxpayer investments in major bond issues, should feel strongly about this issue.

However, over the past couple of years, we have found that schools all over the state are not constructed right or are falling apart because they are not required to be inspected.

Just a couple of years ago, we had one of these schools in our area that had to be closed because of the many structural

defects. The result is that taxpayers had to spend more money to fix a problem that could have been detected with an early inspection.

I have introduced a bill that would amend the state Construction Code by adding language to require inspections of school buildings. The bill would prohibit the construction, remodeling, or reconstruction of a school building until written approval of plans and specifications has been obtained from the Bureau of Construction Codes.

This legislation will ensure our school buildings are safe and secure, and will help save

taxpayers money.
